A Tradition of EXCELLENCE...

Established in 1893, Gallagher Uniform is a locally owned, family-led company dedicated to providing specialized and innovative Uniform Programs and related services across Southwest Michigan and Northern Indiana.

“We bring honesty and integrity to every client.”

Today, Gallagher Uniform is led by the fourth and fifth generations of the Gallagher family, combining over a century of industry expertise. This leadership team seamlessly blends traditional customer service with advanced technology. This approach keeps us true to the principles set by John C. Gallagher and has been maintained through the generations of our current leaders, John, Chris, and Kevin Gallagher. In 2023, celebrating 130 years of excellence, we also solidified our commitment to food safety by achieving HACCP certification, which complements our TRSA Hygienically Clean Food Safety accreditation.

With the fifth generation now actively involved, we are equipped to maintain and improve the exceptional service our customers have come to expect. This enables each new generation to bring fresh perspectives while upholding the original values of our founder. More than just a uniform supplier, Gallagher Uniform is a trusted leader in the uniform industry and a committed member of the community. We continue to stand out by advancing environmental stewardship and technological innovation, empowering our team, and serving our customers with unwavering reliability.

Advanced Uniform Solutions with **Next-Generation Technology**

“You can't find a better service or product! People who actually care about how they serve their clients after the sale. This is the kind of business we enjoy working with. Top leader in the industry, professional with small town heart. Thank you for your commitment to our community, providing solutions to our ever changing needs.”

Our Technology Saves You Time & Money

G-Trak, exclusively available from Gallagher Uniform leverages advanced RFID (Radio-Frequency Identification) technology and barcode systems for precise, real-time garment tracking.

This sophisticated tool is accessible around the clock via our website and the G-Trak mobile app, streamlining your uniform management process and enhancing accuracy.

G-Trak Web App: Administrative Simplicity

The G-Trak Web App provides comprehensive tools for managers to oversee their uniform program:

- Review Invoices: Easily view and organize billing documents.
- Order Management: Submit, modify, and track uniform requests and adjustments.

G-Trak Mobile App: Direct Control for Employees

Our newly relaunched G-Trak Mobile App allows employees to manage their uniforms efficiently:

- Real-Time Notifications: Updates on garment status, deliveries, and changes.
- Direct Requests: Employees can easily request garment repairs or replacements independently. Management only needs to approve requests!
- Communication Tools: Direct contact with Route Drivers for immediate assistance.

Download & Discover

Explore the advantages of G-Trak by downloading the new app from the Apple App Store or Google Play Store. For more information or to schedule a demo, visit our website or contact us directly.

Local, Independent Launderers **OUTPERFORM** National Chains!

Companies that recently switched textile rental suppliers were asked to rate their new supplier as performing better than, equal to, or worse than their expectations. The results were very clear.

Local, independently owned textile rental companies were more than twice as likely to exceed expectations in each of the areas below.

When it comes to overall satisfaction, local exceeds expectations!

Companies that switched to a **national chain** from a local independent company were **three times more likely** to say that the new supplier **performed below expectations** in the area of service.

An unbiased study was performed by Market Measurement, Inc., an outside market research firm.

The research firm asked companies that rent uniforms and had recently switched their suppliers to rate their experience after the change.
